

MONETIZATION PERMISSION YOUTUBE

SCHULENBURG SOFTWARE UG (haftungsbeschränkt) hereby grants to any third party a personal, non-exclusive, non-transferable permission to use and display game content and to create derivative works (“Work”) based upon audio & video capture/recording of game content on the website: www.youtube.com, for worldwide commercial use based on full or demo versions of games from SCHULENBURG SOFTWARE UG (haftungsbeschränkt), under the following conditions:

You may make money using your videos of our Game, for instance by putting ads on them, as long as you also add your own unique content to the video, such as an audio commentary. The amount you add must be enough to make it fair and worthwhile for someone to pay for it or for you to make money from it. For example you cannot simply include your logo, web address or indent but you could add an audio commentary or your own music if you are creating a music video.

SCHULENBURG SOFTWARE UG (haftungsbeschränkt) reserves the right to change or cancel this permission at any time in its sole discretion.
